Benevolent Mechanic Association.
The eighty-fifth annual meeting of
the Petersburg Benevolent Mechanic
Association was held last night with
a large attendance of members. Resolu-
tions were adopted providing for
amendments to the charter, and other
business was considered. The follow-
ing officers were elected: President,
Hugh R. Smith; vice-president, Wil-
liam E. Pooles; secretary and treasurer,
William H. Baxter. Board of direc-
tors—C. E. Williamson, Mr. C. E. Cle-
ment, O. W. Mattox, R. E. Brunet, Dr.
T. J. Burgess, R. L. Campbell and
James Y. Branch. The two oldest
members of the association are Lee
Tappay, of New York, aged eighty-
seven years, and William H. Baxter,
aged eighty years. Mr. Baxter has
been secretary and treasurer of the
association continuously for nearly
half a century. The annual banquet, a
fine affair, was served after the busi-
ness meeting. As has been stated, the
association contemplates the erection
on the site of the present hall of a
seven-story structure, at a cost
of about \$125,000. It will have four
handsome stores fronting on Sycamore
Street, the floor above to be occupied
by the association and the upper floors
for offices. The association has one of
the finest and most valuable libraries
in the South, and also a fine museum.
Deaths of Young Men.
William Hamilton Royal, a very
worthy young man, died this morning
at the home of a friend on Commerce
Street. He was returning from Rich-
mond, where he was employed at the
Locomotive Works on New Year's Eve
to the home of his parents in Dinwiddie
county, when he was taken ill, and
could get no farther than Peters-
burg. His illness developed into dou-
ble pneumonia. The body will be
taken to the Dinwiddie home for
burial. Besides his parents, the de-
ceased is survived by eight brothers
and sisters.

Personal Intelligence.
B. F. Booth, a well-known young
business man, member of the firm of
B. D. Booth & Co. of this city, will
be married in St. Louis, Mo., at 11
o'clock to-morrow to Miss Cecil Evans,
daughter of Eugene Evans, a wealthy
dry goods merchant of that city.
Miss Evans is the daughter of the hostess
at a brilliant reception given at her
home on South Sycamore Street this
afternoon in honor of Miss Florence
Larabee and her sister, Mrs. E. A.
Robertson. A large number of invita-
tions were sent out. Miss Larabee
was also the honored guest at a re-
ception given several evenings ago by
Misses Sarah and Marguerite Hall at
their home on Marshall Street. The
parties were beautifully decorated in
the color scheme of red and green.
Joseph A. Boyd is reported as criti-
cally ill at the Petersburg Hospital,
where he was operated on several days
ago for appendicitis.

It may be noted, in passing, that
each of the four candidates for Con-
gress in the district expresses full
confidence that they will receive the
nomination at the primary on January
25, and the public is puzzled to know
who is right.
The newly elected officers of Monroe
Lodge No. 8, I. O. O. F., were in-

stalled last night, and an oyster sup-
per was served.
C. L. Barksdale and William L. Ven-
able, appointed as assessors of real
estate in this city by Judge Mullen,
have qualified, and will enter on their
duties as soon as the law books are
furnished them.
A case of smallpox was discovered
yesterday in a family, recently from
North Carolina, living on Washington
Street. The house and members of
the family were promptly quarantined.
Petersburg has no suitable hospital
for smallpox patients.

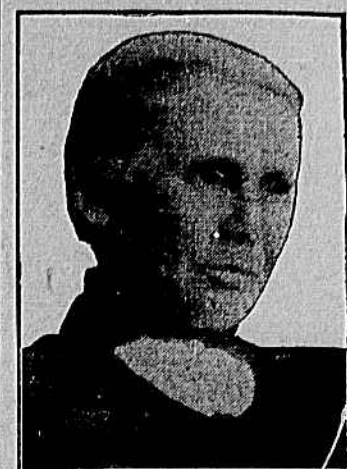

The village of Ettrick, in Chester-
field, will install electric lights in its
streets this week.
The citizens of Ettrick held a meet-
ing last night, and informally dis-
cussed the question of incorporating
the village. No action was taken, an
adjournment being had to next Mon-
day night.

The Anti-Tariff faction of the First
Baptist Church (colored) held their
annual meeting last night and elected
officers: Richard Winfield, moderator;
William H. Major, clerk; Levi D. Mey-
ers, assistant clerk; Robert M. Penn,
treasurer. The meeting was not held
in the church, because of apprehended
disturbances.

The Board of Aldermen, at the regu-
lar meeting last evening, concurred in
various measures previously passed by
the Council, but cut the pay of the
two assessors from \$1,500 to \$1,000.
Nothing has ever been heard of
Timothy Cameron, who disappeared
from his home in Blandford some time
before Christmas. The belief is that
he is dead, and, if so, Mrs. Cameron
receives a reward for the recovery of the
body.

Chamber of Commerce.
The annual meeting of the Peters-
burg Chamber of Commerce was held
last night. The following officers were
elected: President, Captain T. F.

Grippe and Pneumonia

MRS. M. E. DILLON, 75 YEARS OLD.

Mrs. M. E. Dillon, of Salem,
Va. was run down from
Pneumonia and Grippe when
she took Duffy's Pure Malt
Whiskey and was restored to
good health. Now she feels
like a new person.

Recently Mrs. Dillon wrote: "I
hereby wish to add my testimonial
to the medical worth of Duffy's
Pure Malt Whiskey in cases where
one is completely run down from
Grippe and Pneumonia. I lately
had attacks of both, and have
never been so much benefited as
by its use, and I cheerfully recom-
mend it as a medicine to every
one."

"I am now in my 75th year, and
have never received such relief. It
makes one feel like a new person."—Mrs. M. E. Dillon, Salem, Va.

Duffy's Pure Malt Whiskey has to its credit over fifty years of
service. During this time it has brought health and happiness to thou-
sands of homes.

Duffy's Pure Malt Whiskey

is the greatest strength builder and tonic stimulant known to medicine.
It attacks the seat of the disease, drives out the germs and rebuilds the
weakened tissues in a gradual, healthy, natural manner. It is an absolute
cure and preventive of consumption, pneumonia, grippe, bronchitis,
coughs, colds, malaria, low fevers and all wasting, weakened diseased
conditions, if taken in time in small doses as directed.

It is invaluable for overworked men, delicate women and sickly
children. It strengthens and sustains the system, is a promoter of
health and longevity, makes the old feel young and keeps the young
strong.

If in need of advice, write Medical Department,
Duffy Malt Whiskey Company, Rochester, New
York, stating your case fully. Our doctor will
send you advice free, together with a valuable
illustrated medical booklet, containing rare com-
mon sense rules for health, which you cannot af-
ford to be without, and some of the many thou-
sands of gratifying letters received from men
and women in all walks of life, both old
and young, who have been cured and benefited
by the use of this great medicine, and who con-
tinue to enjoy good health. Sold by druggists, grocers
and dealers, or direct, \$1.00 a large bottle.

Health, vice-president, Bartlett Roper,
Sr., and John H. Wright, president, sur-
vived. The board of directors—
C. L. Barksdale, Harvey S. Seward, R. H.
Mann, James Weddell, Robert Cab-
ness, Edward Wenzelburg.
Immediately after the meeting there
was a meeting of the Petersburg In-
vestment Company, when the follow-
ing officers were elected: President,
H. S. Seward, vice-president, H. S.
Harrison, R. H. Mann, W. A.
Zimmer, Bartlett Roper and W. A.
Totty.

Fredericksburg, Va.—Cecil L. Reid started
last Monday morning as the instructor
of the new High School, and has been
in the direction of Richmond. He has
gone North in the direction of Washington
about a mile, and is now in the city
of Richmond while he is waiting for the
tents to come. Until the tents arrive the
entire corps has to come back to the city
every night in the cold, and the work is
being pushed.

Portsmouth, Va.—The ceremonies incident
to the raising of the flag on the new High
School building this morning were very
impressive, although very brief. At 9 o'clock
Prof. Leon Codd, principal of the High
School, had the pupils assembled in front
of the building, and when the banner was
hoisted, the school sang, giving three
loud cheers. The flag was presented to the
school by Peabody Council No. 106, Junior
Order United American Mechanics.

Virginia Beach, Va.—Miss Margaret Mar-
shall, the former young Portland, Boston
and New York newspaper writer, who
has been in the city for some time, is
coming to the city, and is expected to
be married to a local man, and is now in
Ashville, N. C.

Ranoke, Va.—Complying with their prom-
ise to pay \$100 for the capture of Mike Mil-
lars, the boy murderer of their brother,
James, the Stumblers brothers, of New York,
have sent to the Greek Greco here a re-
ward of \$100 they offered while they were
in this city to attend the funeral of the
murdered man. But the money has come
to be known to the boy, and he is entitled to it.
A Greek got the boy at Pocahontas and
gave him into the custody of the chief of
police of Petersburg. The Greek is en-
titled to the reward, and the Greek believes he is en-
titled to it. Milars agreed to surrender
but did not know how to do it safely, and
waited until his Greek friend had made the
arrangements. The boy was turned out of
jail a short time ago, no indictment having
been found against him, and is now in
Ashville, N. C.

Norfolk, Va.—Wednesday, January 12, has
been set by Judge Vaddell, of the United
States Court, as the date for rendering his
decision in the injunction proceedings by
the Norfolk and Southern Railway Co.
against the Norfolk and Southern Railway
at Richmond, December 31, by which the peti-
tioners seek to delay confirmation of the
sale of the Norfolk and Southern Railway
to the Norfolk and Southern Railway Co.
Marsden J. Perry, of Providence, R. I., the
largest individual holder of the road's se-
curities.

Fredericksburg, Va.—Petitions are being
circulated throughout the city for State-
wide prohibition. The petitioners are the
Anti-Saloon League in convention to in-
struct the legislative committee of the
General Assembly to enact into law the
Assembly a bill giving to the voters of Vir-
ginia the right to call an election upon
State-wide prohibition. In an event that
the Anti-Saloon League instructs its legi-
slative committee to the action aforesaid, it
further petitions the General Assembly of
Virginia to enact into law the bill aforesaid.
The petitioners are the people of the
league conferring upon the people the
right to call the said election. The petitions
are receiving many signatures.

Staunton, Va.—Merchants and business
men in the Valley of Virginia are up in
arms against the Southern Railway. An or-
der was received Saturday from headquar-
ters in Alexandria, cutting off both the
through freight train, running between Har-
risburg and the Potomac yards. One
through daily freight from Baltimore and
another local from Staunton are all that are
left to serve this end of the Valley. The
merchants declare that the removal of the
trains will seriously hamper trade relations
with Baltimore and other points. Points be-
tween Harrisonburg and Strasburg will be
the worst sufferers.

Lynchburg, Va.—Lieutenant-Colonel Wil-
liam E. Craighead, who has been in charge
of United States engineers in Baltimore,
and who was recently assigned as secretary
of the Lighthouse board at Washington, is
a nephew of Dr. E. A. Craighead, president
of the board of Aldermen of this city. He
is a descendant of the well-known Craig-
head family of Jefferson county, W. Va., and
has numerous relatives here as well as near
Chillicothe.

Kenbridge, Va.—Over one and a quarter
million pounds of tobacco were sold on the
Kenbridge market this morning. The ware-
houses closed for the Christmas holi-
days. At an average of 12 1/2 cents per
pound this means \$150,000 divided among the
farmers of this section.

LIKE STORY FROM
"ARABIAN NIGHTS"

Wonderful Possibilities for De-
velopment of
State.

KNAPP IN NORTH CAROLINA

Both Drainage and Irrigation
Urged by Speak-
er.

Charlotte, N. C., January 11.—"Men
of North Carolina, do you realize what
a wonderful State you have?" exclaim-
ed Dr. Seaman A. Knapp, in addressing
a gathering of farmers here to-day.
This address was in connection with
his lecture tour through the South-
eastern States, which is a complau-
ding in conjunction with the efforts
made by the Southern Railroad to at-
tract settlers along its lines. Dr.
Knapp, whose work in the Department
of Agriculture has attracted wide at-
tention, then unfolded a plan for the
development of agriculture in North
Carolina that seemed almost a
story from the "Arabian Nights."

Both drainage and irrigation were
prominent themes of the speaker. The
total area of the State he said, was
27,450,000 acres, while the cultivated
area was only 5,769,951 acres. The
number of acres requiring drainage
was 2,745,100, or nearly one-half of
the total area cultivated at the pres-
ent time.

Let us take a little inventory of
our estate," suggested the scientist.
"Over one-half is timber, but
mostly poor timber. A great deal
of the best timber has been
cut off, and the State is left with
One-fourth of the land is improved.
One-sixth is cultivated—that is, one-
sixth of the entire area must pay the
cost of the five-sixths, and support
your entire population."

Great Need of Irrigation.
Although North Carolina has an un-
usually good rainfall, and is evenly
distributed, at the same time there
are seasons of the year, he said, when
certain crops would do a great deal
better if there was a little more rain.
For that reason, irrigation would be
extremely valuable in the Old North
State. He advised following the plan
adopted by the United States, by
which the main cost of drainage
works would be assessed to the ad-
jacent lands, because such lands reap
the immediate benefit of them.

Dr. Knapp declared that if the
Western region of the State, if the
reservoirs were made and the steep
hillsides reforested, a remarkable
amount of fruit would be pro-
duced. A variety of crops relating
to general farming could be raised.

Practically, he said, you are using
about one-third of your State, and
you are getting about one-third of the
crop out of the one-third, or only one-
eighth of the crop you ought to get
out of it. You are trying to get rich
using one-eighth of your resources."

Summing up the character of work
to be done for the development of the
State, Dr. Knapp continued:
"Thus equipped North Carolina would
become one of the greatest producing
States of the Union. It would be
possible to produce 1,000,000,000 worth
of products upon the farms and 1,000,000,000
from factories in a single
year and support a population of 10,000,000 people."

May Belong Dr. Broughton's Assistant.
[Special to The Times-Dispatch.]
Newbern, N. C., January 11.—Rev.
J. W. Ham, pastor of the Tabernacle
Baptist Church for the past three

years, announced to his congregation
on Sunday that he had been called to
become assistant pastor of the Taber-
nacle Baptist Church, in Atlanta, Ga.,
of which Rev. Len G. Broughton is
pastor. Mr. Ham was called to At-
lanta last week for a conference with
the officers of the church. So far he
has made no announcement of what he
will do.

GIRLS HORRIBLY BURNED.

Lamp Explodes and Envelopes Young
Women in Flames.
[Special to The Times-Dispatch.]
Elizabeth City, N. C., January 11.—Severe
information of the unfortunate and horri-
ble burning of two young women at Manteo
burned here this morning. While two
daughters of the late Captain Joe West,
Misses Lennie and Bessie, were sitting in
their home alone early yesterday morning
a lamp, which was on the shelf above a
stove, exploded and fell upon the heated
stove, setting fire to the clothing of the
girls, and in a moment they were en-
veloped in flames. There were no other in-
habitants of the house, and by the time help reached
the unfortunate girls Miss Lennie was
burned frightfully, and her features were
so badly scorched that she was pain-
fully and seriously burned about the face,
hands and body, but there is hope for her
recovery.

There is no hope whatever entertained for
the recovery of Miss Lennie, who is eight-
teen years of age, and one of the most
popular young ladies of Roanoke Island.
Miss Bessie, it is said, will be maimed for
life, and the terrible accident has cast a
gloom over the entire community.
Father and mother of the young ladies are
both dead, and the home in which they
lived, with their three brothers, was burned
to the ground.

ACED WOMAN BURNED TO DEATH.

Falls Into Open Fire and End Comes
Before Her Eyes.
[Special to The Times-Dispatch.]
Salisbury, N. C., January 11.—With
her body burned into a crisp, Mrs.
W. J. Plummer, aged eighty-five years,
met an awful death at the home of
Thomas Morgan, in Salisbury, this
afternoon. Leaving a sick
bed, she attempted to repair her hair,
and while doing so, she fell into the open
fire. Her hair was burned from the
head and her features scorched
beyond recognition. When found by
her neighbors, she was lying on the floor,
her mother dead, the face, head and
body from the waist up were fright-
fully burned, and it is believed that
she died instantly.

ELECTRIC CHAIR NOT READY.
Walter Morrison May Have to Get
Fourth Reprieve.
[Special to The Times-Dispatch.]
RALPHIGH, N. C., January 11.—Gov-
ernor Ritchie and the penitentiary au-
thorities are waiting anxiously to
hope that the electric transformer that
belongs with the electric chair being
installed in the prison, where all death
sentences must hereafter be executed,
will arrive in time for the electrocu-
tion of Walter Morrison by Friday of
this week. The chair and its attach-
ments, with the exception of the
transformer, have been in position for
some weeks now, and the transformer
was shipped from New York last No-
vember. The transformer, however, is
not yet located, and the authorities are
hoping that it will arrive in time for
the execution of Walter Morrison by Friday
of this week.

retiring editor, W. I. Boone, will in the

What Constitutes "The Ideal American Home"

If you have a home of your own, no doubt you think it "Ideal." If you haven't a home
your own, you certainly know what an "Ideal" home should be. So enter this contest—tell us
no more than fifty words, just what your idea is of the "Ideal" home—a home such as inspi-
red John Howard Payne to write "Home, Sweet Home," where love, happiness and contentment
reigns supreme.

Don't make an effort to write a "beautiful essay" or a "poetic gem," but jot down, in
your own natural manner, just what you believe goes to make home ideal, keeping in mind that "I
ever so humble, there's no place like home."

In this contest the \$50,000 mansion is on a level with the "lowly thatched cottage." Remem-
ber, it isn't the "house" that we ask you to define, but that mysterious something which the home
contains and makes it the dearest spot on earth.

The Conditions Governing This Contest Are Easily Complied With

The only "conditions" stipulated in this contest are that DEFINITIONS MUST BE WRITTEN ON
A SEPARATE SHEET OF PAPER, and no name
be attached thereto, and that definitions must be given
in not more than fifty words. As soon as received
your definition and letter will be given a number, so
that the committee will have no knowledge of the con-
testant's name.

A Committee of Three Prominent Men Will Decide the Contest

We have arranged to have as a "Committee of
Awards" three of Richmond's prominent gentlemen
whose integrity is unquestioned. No person in the
employ of The Crafts Piano Company will have any-
thing to do with the decisions in this contest, nor will
any Crafts employee be permitted to enter the contest.

This Contest Closes Wednesday, January 19th, 1916, 12 Midnight

The Crafts Piano Company, Inc., FIFTH AND GRACE STS. RICHMOND, VA.

sun in the campaign for local option was
fired on Saturday last. A number of citi-
zens of Vance county met at the courthouse
informally, and after thoroughly discus-
sing the subject unanimously agreed to call
a non-partisan local option mass-meeting to
be held on the fourth Saturday in Feb-
ruary. Hon. W. A. Self, of Hickory, will
be present and deliver the address on that
occasion.

From the expressions heard there is a de-
termination on the part of the people to use
every legitimate means to have the prohibi-
tion law as it at present exists expunged from
the statute book of North Carolina and give
the people the right to determine for them-
selves whether intoxicants shall be manu-
factured, sold or prohibited in their respec-
tive counties.

to be permanently improved under the re-
cent bond issue of \$100,000, beginning at
Spotsylvania Courthouse. A full force of
laborers has been engaged, and some two
weeks will be taken up in the work. A por-
tion of these roads will be macadamized and
a portion gravelled.

REFUSES TO BUILD VIADUCT.
Winston-Salem South-Bound Retallies for
Action of Confederates.
[Special to The Times-Dispatch.]
Wadesboro, N. C., January 11.—People
here are considerably worked up over the
action of the Winston-Salem South-
Bound, in the stoppage of work on the
spur track leading from the main line, two
miles away, to the union passenger station.
The company has taken the position that as
the county board has ordered the building
of a viaduct at the crossing of the county
road they will refuse to refund the re-
cent bond issue of \$100,000, beginning at
Spotsylvania Courthouse. A full force of
laborers has been engaged, and some two
weeks will be taken up in the work. A por-
tion of these roads will be macadamized and
a portion gravelled.
